

Mushroom and Blue Cheese Sauce for Steak

Description

For the blue cheese I went with a nice creamy gorgonzola dolce. The steaks cooked easily and quickly and the mushroom and blue cheese sauce was nice and straight forward to make. The results were absolutely amazing!! There was a nice slightly crisp crust on the outside of the steaks and the insides were nice and moist and tender and perfectly medium rare. The mushroom and blue cheese sauce was nice and creamy and tangy and oh so lick your plate clean good!
