with baking spray (with flour).

In a mixing bowl, combine the all purpose flour, whole wheat flour, baking powder and baking soda, whisk thoroughly.

In a separate bowl, beat the eggs and brown sugar with an electric mixer on medium-high speed until well combined. Add the buttermilk and vanilla extract, continue beating until smooth and thoroughly mixed. Fold in the other dry ingredients, stir until just combined. Pour the mix into the skillet.

In a bowl, toss the peaches and strawberries with the lemon juice. Spoon the fruit mixture evenly over the batter in the skillet. Place the skillet in the oven, bake until the cake is golden brown and set in the middle and the fruit is tender, about 30 to 35 minutes.

Cool slightly before cutting into pie slice wedges. Dust with confectioners' sugar if prefer.
