RICOTTA SEMIFREDDO

Remove from freezer and let stand at room temperature 20 minutes.

Remove plastic wrap and invert pan onto serving platter.

Discard remaining plastic wrap.

Slice semifreddo crosswise into 8 slices.

Serve with orange sections, raspberries or fresh currants.

Note: the original recipe calls for whipping the cream and folding it into the semifreddo at the end. I forgot one time and added everything at once and it made no difference that I could tell so now I just process everything together.

Notes

When I found this recipe I tried it out on some friends and they loved it as much as we did. When we started going to AZ for the winters I made it for Cousins Bob and Jean Walters. Bob said he only wanted a little piece so I accommodated him. Then I caught him in the kitchen cutting himself another slice. It is one of our very favorite recipe and many times I double the recipe and freeze the other half. I keeps for a long time..

I usually try to keep Trader Joe's chocolate Christmas star cookies on hand and serve a couple with the semifreddo.
