Prep Time: 15 minutes Category: Desserts

## Instructions

Prepare pudding according to package directions. In seperate bowl mix cream chees and condensed milk until smooth and creamy. Blend with pudding and fold in coolwhip(2/3 of container). Line a 10 x 13 pan with cookie, then layer of banana slices, creamed mixture and more bananas. Top with another layer of cookies. I like to crunch up the cookies for top. Top with remaining cool whip.
