

Pasta with Black Olive Tapenade

Description

Pasta with Olive Tapenade might look a little disturbing because the olive paste turns the pasta a blackish color. Might even remind you of black squid ink (also a great pasta idea). No less tasty and delicious, olive tapenade is a great idea for pasta.

In a large pot, boil the pasta al dente in lightly salted water. Drain well and return the pasta to the pot. Add the black olive tapenade (olive paste) and the olive oil to the pasta. Toss to mix thoroughly.

To serve, place the pasta on a large serving dish. Sprinkle the feta cheese and parsley over the top.

Notes

The black olive tapenade goes well with long pasta such as spaghetti and linguini as well as shorter pastas like rigatoni and penne.
