TO MAKE ITALIAN CREAM:

Mix dry ingredients together in a saucepan. Then add yolks, milk and half-n-half. Stir constantly with burner on medium or a little higher, until cream bubbles. Continue cooking, stirring constantly and rapidly for a minute or two longer. Remove from burner. Separate cream into bowls. In one bowl, add at least 2 tablespoons of cocoa to make chocolate cream. Stir until totally blended. Cover both fairly soon after making it, or else a hard top with form on the creams.
