

Coffee and Donuts Milkshake

Description

I made my donuts... just some easy baked ones based on one of my favorite recipes ever from Ashley (who also inspired these photos... duh), but you can just as easily purchase them... most likely at a drive-thru. Who invented donut drive-thrus? Like I seriously need to be LAZIER when I want to buy a donut. Please, let me sit in my car and wait for ten minutes instead of get five minutes of exercise and walk to get my donut. Good grief. How asinine.

It's Friday. Eat a donut. Or better yet... drink it.

Ingredients

- 1 cup iced coffee
- 1 cup almond milk
- 2 cup coffee ice cream
- 1 cup vanilla bean ice cream
- 2 large cake donuts
- 4 ice cubes

Instructions

Combine all ingredients in a blender and process until smooth. If desired, wet the rim of the glass and coat it in cinnamon sugar before pouring the milkshake in. Serve!

Notes

Just trust me. If you don't... you can always add some Kahlua?
