- Set a stockpot of water to boil over high heat.
- Clean and cut cauliflower into small pieces. Cook in boiling water for about 6 minutes, or until well done. Drain well; do not let cool and pat cooked cauliflower very dry between several layers of paper towels.
- In a bowl with an immersion blender, or in a food processor, puree the hot cauliflower with the cream cheese, Parmesan, garlic, chicken base, and pepper until almost smooth.
- Garnish with chives, and serve hot with pats of butter.
