## Introduction

## Fun Drinks

### Sarasota Lemonade

#### Ingredients

- 2 bottles Barefoot Moscato
- 1 pink lemonade concentrate
- 3 cup Sprite
- Fresh Raspberries

#### Instructions

I emptied all of the liquid ingredients into a pitcher and stirred. Then I mashed about half the raspberries and put them in. Placed the rest of the raspberries in the glasses and served it up to most of my guests content. We ranged about 60 years in age (those who were partaking), and the only complaint I received was after I had run out. Crisp and refreshing all around!

### Watermelon and strawberry Lemonade

#### Ingredients

- 8 cups cubed and seeded watermelon
- 1 cup strawberries, halved
- 1/2 cup fresh lemon juice
- 1 cup truvia
- 2 cups diet 7-up

#### Instructions

Combine all the ingredients and blend until it is smooth (you may have to do it in 2 batches!) A fun trick I have learned, is to cube the watermelon and freeze it ahead of time. Then you have a tiny bit of a slushy feel - my favorite!!
