# Sausage and Bean Soup

In a large 6 quart soup pot, heat the olive oil, shallots, sausage and paprika over medium heat. You're making a type of roux with the paprika.

Add 3 quarts of chicken broth, bay leaf, and the mixed dried beans. Bring to a full boil, reduce to a simmer and cook for 2 hours.

Add mixed greens, sea salt and fresh ground pepper. Simmer for another 30 to 45 minutes.

Remove the bay leaf before serving.

## Notes

You can substitute a regular olive oil for the smoked olive oil. We use a Spanish smoked olive oil.

You don't have to use the 17 dried bean mix, try one of your favorite dried beans (navy, large lima, red beans, etc.).

On the healthier side, the chicken sausage is nice. If you prefer, a smoked kielbasa works fine (Hilshire Farms or Healthy Choice)
