

# Pumpkin Cheesecake Dip

## Description

It's not quite as simple as my favorite two-ingredient honey goat cheese dip, but this pumpkin cheesecake dip is pretty darn easy.

It only requires five ingredients and comes together in less than five minutes.

## Ingredients

- 1 1/4 cup whipped cream cheese
- 1/2 cup canned pumpkin
- 1/4 cup honey
- 3/4 tsp pumpkin pie spice
- 2/3 cup glazed or candied pecans chopped

## Instructions

Combine all ingredients in a bowl and stir vigorously until ingredients are combined and a smooth texture is achieved.

Garnish with additional pecans and a sprinkle of pumpkin pie spice if you wish

. Serve with apple slices, honey wheat pretzels, graham crackers or cinnamon sugar pita chips.

## Summary

**Yield:** 2
