Baked Blueberry Pancakes

Description

I've been making breakfast on Sunday mornings. I had some blueberries (my favorite) and decided to make blueberry pancakes. I didn't want to take the time to make individual pancakes, so I just mixed everything up and threw it in the oven. OMG - delicious!! This took about 5 minutes to whip together and it was fantastic. We served it with some maple syrup and bacon. This was actually easy enough to make during the week before school. If you aren't a blueberry fan, feel free to mix up the fruit or leave it out entirely.

Ingredients

- 3/4 cup milk
- 2 tbsp melted butter slightly cooled
- 1 large eggs
- 1/2 tsp vanilla
- 1 tbsp sugar
- 1 cup flour
- 2 tsp baking powder
- 1/4 tsp salt
- 1 cup Blueberries

Instructions

Preheat oven to 350.

Lightly grease an 8x8 baking dish. In a large mixing bowl, whisk together milk, butter, egg, and vanilla. Add sugar, flour, baking powder and salt. Carefully stir in blueberries. Pour batter into pan.

Bake for 20-25 minutes. Serve with butter and maple syrup.

Breakfast

Baked Egg Boat

Breakfast is my favorite meal. I like to drink iced coffee and watch the cream climb its way down the chunky ice cubes in a dazy before the caffeine hits. I like to order bacon with whatever I'm eating. I like eating potatoes with ketchup. I like eggs over easy, and fluffy scrambled eggs. I pretty much like everything there is to like about breakfast. That is why I am pretty excited about these Baked Egg Boats. They are sooo easy to make.

- 4 demi sourdough baguettes
- 5 eggs
- 1/3 cup heavy cream
- 4 oz bacon chopped and cooked
- 3 oz shredded cheese your choice
- 4 oz hot sausage

Preheat oven to 350 degrees F.

Cut a deep "V" through the tops of each baguette until about a 1/2 inch to the bottom.

Partially unstuff the baguettes.

Set aside.

Place the eggs and cream into a mixing bowl and lightly beat together.

Whisk in the remaining ingredients and lightly season with salt and pepper.

Divide and pour the mixture into each baguette boat and place onto a baking sheet.

Bake for 20 to 25 minutes or until golden brown, puffed and set in the center.

Season with salt and pepper.

Allow to cool for about 5 minutes, cut and serve.

Best Egg Sandwich

Description

Yumm

Ingredients

- 2 tsp butter or oil
- 1 egg
- 1 slice cheese or tiny pile of grated cheese

Instructions

Put the bread in a toaster. Heat a 9-inch skillet, preferably nonstick, on medium.

Beat one egg with ½ teaspoon water (or two eggs, with 1 teaspoon water), a couple pinches of salt and a few grinds of black pepper until just blended. I always use a fork for this.

Melt butter in your pan or brush it with oil, to thinly coat it. Pour in the eggs and roll them around so they cover the pan, as a thin crepe would.

Immediately plop a square of cheese (for we people with unfancy tastes in cheese) or a small pile of grated cheese (for everyone else) in the middle. Toss whatever fixings you wish on top of the cheese, though I never bother. This meal is all about immediacy for me.

A single egg will cook in 1 to 1½ minutes; two eggs in 2 minutes. You'll know its cooked when poking into it with a corner of your spatula won't cause any loose egg to slip through to the skillet.

Fold the part of the egg closest to you over the cheese, like the first part of a business letter fold. Repeat this on the three remaining "sides," forming a small square. You can also have fun (yes, I just said "fun") here and fold it into a shape that matches your bread, i.e. larger for sandwich bread, long-ish for rye. Leave the folded egg-and-cheese in the center of the skillet to cook for another 30 seconds, then slide onto you muffin or toast. Top the sandwich with the other half and eat it at once.

Blueberry Quinoa Parfait

Description

The soft and tender quinoa worked surprisingly well in the breakfast parfait with the creamy yogurt and the juicy blueberries! One of the good things about making this for breakfast is that you can cook a big batch of the quinoa on the first day and then just pull it out of the fridge and whip up the parfait in a few minutes for the next few days. I am definitely looking forward to making more of these this summer!

Ingredients

- 1 cup quinoa well rinsed
- 2 cup water
- 2 cup vanilla yogurt
- 2 cup blueberry
- 1/4 cup pecans toasted and chopped

Instructions

Bring the quinoa and water to a boil in a medium sized sauce pan, reduce the heat and simmer covered until the water has been absorbed and the quinoa is tender, about 15-20 minutes.

Chill the quinoa in the fridge.

Assemble the parfait by layering the quinoa, yogurt, blueberries and pecans.

Buttermilk-Maple French Toast Muffins

While these baked away, it really did fill the house with faint smells of breakfast...specifically, something sweet and buttery. I did double-duty on the maple, using syrup in the dough and extract in the glaze. I also couldn't help adding a cinnamon streusel to the top as well.

Cinnamon Roll Pulls

Description

This bread is SO addictive. We could not stop pulling off pieces of this delicious cinnamon sugar bread and popping it in our mouths. The Vanilla Honey Butter that I used in the bread is amazing. You must make it. It absolutely makes the dish! It was so good that I could have eaten it with a spoon. I didn't, but I could have. Give this bread a try for breakfast, brunch or even dessert. It is quick and makes a great presentation.

Ingredients

- 1 loaf round unsliced sourdough bread
- 1/2 cup butter softened
- 1/4 cup powdered sugar
- 1/4 cup honey
- 1 tsp vanilla
- 1 cup sugar
- 1 1/4 tsp cinnamon
- 1 cup *powdered sugar
- 2 tbsp milk

Instructions

Preheat oven to 350 degrees.

To make Vanilla Honey Butter:

Whip butter and 1/4 cup powdered sugar together until smooth; stir in honey and vanilla.

Set aside. (You can use regular butter if desired)

Cut the bread lengthwise into 1/2" slices, without cutting through the bottom crust.

Spread vanilla honey butter in between slices.

Rotate the bread 90 degrees and slice the bread again into 1/2" pieces, without cutting through the bottom crust.

Spread more vanilla honey butter in between new cuts.

This doesn't need to be perfect - just make sure there is lots of butter in between all the cuts.

Combine sugar and cinnamon.

Generously sprinkle in between all cuts. (You may have extra butter and cinnamon sugar. It will just depend on how large your bread loaf is.)

Wrap in foil; place on a baking sheet.

Bake at 350 degrees for 25-30 minutes, until bread is warm.

Unwrap cinnamon bread and place on serving platter.

Combine powdered sugar and milk - adding milk until you get the consistency desired.

Drizzle icing over bread and serve immediately.

Cream Cheese Coffee Cake

Source: Laura's Sweet Spot

Description

Oh, cream cheese.... I don't know what it is that is so appealing about cream cheese, but man, it really knows how to turn the delicious dial up on things! haha Seriously, whether it is used in a savory casserole or a cake frosting, cream cheese wins me over every time. So it is no surprise that I have been eyeing this coffee cake for a long time now. I finally couldn't wait another minute longer and had to throw it together as soon as I got back home

This is a kind of "show-stopping" coffee cake. It comes out picture perfect- exactly what you want to serve to guests that you are trying to impress. And of course the best part is not only that it looks great, but it tastes wonderful. Everything is so moist and creamy, contrasting beautifully with the crunchy almond-sugar topping. You really win in every aspect with this cake.

A few words of advice with this cake- to get the absolute best results with the cream cheese filling, it is super important for your cream cheese to be soft! If it's not soft enough, you're batter will be lumpy and no matter how much you mix, there will always be lumps. I always beat the sugar into the cream cheese to soften it up really well before adding anything else, especially liquids. This usually helps quite a bit.

Ingredients

- 1/4 cup sugar
- 1 1/2 tsp lemon zest
- 1/2 cup sliced almonds
- 2 1/4 cup flour
- 1 1/8 tsp baking powder
- 1 1/8 tsp baking soda
- 1 tsp salt
- 10 tbsps unsalted butter softened 1 stick plus 2 Tb.
- 1 tbsps *lemon zest plus 4 tsp. lemon juice
- 4 eggs
- 5 tsp vanilla
- 1 1/4 cup sour cream
- 8 oz cream cheese softened

Instructions

For the Topping:

Adjust oven rack to middle position and heat oven to 350°F.

Stir together sugar and lemon zest in small bowl until well combined and sugar is moistened.

Stir in almonds; set aside.

For the Cake:

Spray 10″ tube pan with non stick cooking spray.

Whisk flour, baking powder, baking soda, and salt together in medium bowl; set aside.

In stand mixer fitted with paddle attachment, beat butter, 1 cup plus 2 Tb sugar, and lemon zest at medium

Breakfast

speed until light and fluffy, about 3 minutes, scraping down sides and bottom of bowl with rubber spatula.

Add eggs 1 at a time, beating well after each addition, about 20 seconds, and scraping down beater and sides of bowl as necessary.

Add 4 tsp vanilla and mix to combine.

Reduce speed to low and add one-third flour mixture, followed by half sour cream, mixing until incorporated after each addition, 5 to 10 seconds.

Repeat, using half of remaining flour mixture and all of remaining sour cream.

Scrape bowl and add remaining flour mixture; mix at low speed until batter is thoroughly combined, about 10 seconds.

Remove bowl from mixer and fold batter once or twice with rubber spatula to incorporate any remaining flour.

Reserve $1\frac{1}{4}$ cups batter and set aside.

Spoon remaining batter into prepared pan and smooth top.

Return now-empty bowl to mixer and beat cream cheese, remaining 5 Tb sugar, lemon juice, and remaining tsp vanilla on med speed until smooth and slightly lightened, about 1 minute.

Add $\frac{1}{4}$ cup reserved batter and mix until incorporated.

Spoon cheese filling mixture evenly over batter, keeping filling about 1" from edges of pan; smooth top.

Spread remaining cup of reserved batter over filling and smooth top.

With butter knife or offset spatula, gently swirl filling into batter using figure-8 motion, being careful not to drag filling to bottom or edges of pan.

Firmly tap pan on counter 2 or 3 times to dislodge any bubbles.

Sprinkle lemon sugar-almond topping evenly over batter and gently press into batter to adhere.

Bake until top is golden and just firm, and long skewer inserted into cake comes out clean (skewer will be wet if inserted into cheese filling), 45-50 minutes.

Remove pan from oven and firmly tap on counter 2 or 3 times (top of cake might sink slightly).

Cool cake in pan on wire rack 1 hour.

Gently invert cake onto rimmed baking sheet (cake will be topping side down);

Remove tube pan, place wire rack on top of cake, and invert cake sugar-side up.

Cool to room temperature, about $1\frac{1}{2}$ hours.

Cut into slices and serve.

Hawaiian French Toast Sticks

Ingredients

- 4 Hawaiian Sweet Dinner Rolls
- 2 tbsps butter, divided
- 1 large egg
- 1/2 cup buttermilk
- 1 tsp vanilla
- 2 tbsps sugar
- 1/4 tsp cinnamon
- 1 pinch salt, nutmeg

Instructions

1. Slice each roll in half horizontally and then slice each half lengthwise to yield 4 pieces total. Trim any ragged edges to prevent burning.
2. Whisk the egg, buttermilk, vanilla, sugar, cinnamon, salt and nutmeg together in a shallow dish.
3. Heat 1 TBsp. butter over medium heat in a nonstick pan.
4. Working in 2 batches, coat half the sticks in the egg mixture. Because the texture of these rolls are quite soft, work quickly to coat all sides without soaking.
5. Place the sticks in the pan and fry, using tongs to turn frequently, until light crisped and golden brown on all sides. Drain on paper towels and set aside. Add the remaining tablespoon of butter to the pan and repeat the process with the second batch.
6. Just before serving, dust lightly with powdered sugar. Serve with warm maple syrup for dipping.

Notes

You may want to put finished french toast sticks in a warm oven (about 200°) while you finish cooking subsequent batches.

You can double or triple this recipe.

Overnight Blueberry Almond Oats

Description

First, let's talk about the Overnight Blueberry Almond Oats. I love making overnight oats because they are easy to throw together before bedtime and when you wake up, breakfast is ready to go! I like to make my overnight oats in a jar so there is only one dish to wash in the morning. I mix oats, almond milk, Chobani plain Greek yogurt, cinnamon, and blueberries together. I put the jar in the fridge and go to bed!

In the morning, I take the jar out of the fridge and top the oats off with almonds, extra blueberries, and cinnamon. I dig right in, there is no need to cook the oats. You may think cold oats sound odd, but I promise they are tasty, especially during the hot summer months. The oats are creamy and bursting with blueberry flavor. And I love the crunch the almonds add.

I eat oatmeal for breakfast almost every morning. I never get sick of it. During the summer months, when it is hot, I like to switch things up and eat overnight oats. Overnight oats are eaten chilled, straight from the fridge. I love overnight oats because you can mix them together the night before and when you wake up in the morning, breakfast is ready!

I am currently loving Overnight Blueberry Almond Oats. The oats are creamy and loaded with plump blueberries and crunchy almonds. I make the oats in a jar so I can eat the oats on the go! There is no excuse for not eating a healthy breakfast. Start your day with Overnight Blueberry Almond Oats!

Ingredients

- 1/3 cup old fashioned oats
- 1/3 cup almond milk
- 1/3 cup plain chobani greek yogurt
- 1/4 cup fresh blueberries
- 1 dash cinnamon
- 2 tbsp sliced almonds

Instructions

Stir oats, milk, yogurt, blueberries, and cinnamon together in a jar or bowl.

Cover and place in refrigerator overnight.

In the morning, remove from refrigerator and top with almonds, extra blueberries, and cinnamon.

Enjoy!

Note-if you want to sweeten up your oats, feel free to add a bit of brown sugar or honey!

Spinach Strata

Description

Aside from being comforting and filling, stratas are really easy to make. Whisked eggs and milk are poured over bread and your favorite fillings, then everything's left to soak overnight. In the morning, just pop it in the oven while the coffee's brewing. Breakfast is served.

Ingredients

- 8 ozs day old bread about 6 cups - egg bread
- 2 cup baby spinach chopped
- 3/4 cup crumbled feta cheese
- 2 tbsp olive oil
- 1 tbsp lemon zest
- 2 tsp dijon mustard
- 1 tsp kosher salt
- 1/2 tsp pepper
- 6 eggs
- 2 cup whole milk

Instructions

Coat an 8-inch square baking dish with olive oil.

Add the bread, spinach, and half of the feta.

Gently toss the mixture with your hands until combined, then spread it into an even layer; set aside.

Whisk the measured olive oil, lemon zest, mustard, salt, and pepper in a large bowl until combined.

Add the eggs and milk and whisk until combined.

Very slowly drizzle the mixture over the bread and evenly sprinkle the remaining half of the feta over top. Cover and refrigerate overnight.

Heat the oven to 350°F and arrange a rack in the top third of the oven.

Uncover the strata and bake until the custard is set and the edges are browned, about 45 to 55 minutes.

Place on a wire rack and let cool for 30 minutes. Sprinkle with the fresh oregano and serve warm.

Breakfast

Waffle Iron Hash Browns and chorizo hash

Description

It is like the offspring of a potato chip and a hash brown. Terminally crisp, fluffy in the center. Oh my word. That day, I topped it with bacon jam and it was a very good thing. I knew, however, that the potato-tential of the waffle ironed hash browns far exceeded that simple treatment (that was, I repeat, a very good thing.) I thought chili, but I didn't have all the fixings. Then I thought chorizo.

Ingredients

- 1 frozen hash browns
- 1 butter or bacon fat
- 1 lb chorizo
- 2 cup black beans drained and rinsed
- 1 can Rotel Diced tomatoes with chilies
- 2 cup frozen or fresh corn

Instructions

If you have a waffle iron that has different sections, put a 1/4-inch pat of butter in each section.

If it is one big section, put about 3 pats of butter around the section.

Pile about 2 to 3 inches of shredded potatoes on the base of the waffle iron, dot over each section as you did beneath the hash browns either with more butter or a dollop of bacon fat.

Close the lid of the waffle iron and let it go to desired crispness. I like mine at about 8 minutes.

Use tongs to remove to a pan and repeat until you have enough servings.

To Prepare the Hash:

In a heavy-bottomed skillet, break up the pound of chorizo.

Cook, stirring frequently and breaking up chunks, until the chorizo is fully cooked and browned in places.

If necessary, drain the chorizo after cooking then return it to the pan.

If the chorizo is relatively lean, leave it in the pan.

Add the black beans and tomatoes with green chiles and stir.

Bring to a simmer, add the corn and cook just until heated through.

To Serve:

Lay a piece of hash brown on a plate, top with a scoop of the chorizo hash, and another hash brown.

If desired, top with a dollop of sour cream, a spoonful of salsa and a candied or jarred jalapeno slice.

...Or as my brother suggested, a poached or sunny-side up egg.
