CHERRY COOKIES

Source: Barbara Mackie's Christmas Cookies

Description

For Christmas my mother always made lots of cookies and my sister and I would get to help. This was a favorite and she'd let Jackie and I roll the cookies into little balls and then dip a little "cheese" glass in flour and flatten each cookie. We'd always sample the cherries and we ended up with pink hands from handling the dough,

Ingredients

- 1 3/4 cups flour (all purpose)
- 1/2 tsp salt
- 2/3 cup sugar
- 1 egg
- 1/2 tsp vanilla
- 1 cup shortening (crisco)
- 1/3 cup Maraschino Cherries, drained and chopped

Instructions

Whisk flour and salt together.

Cream shortening and add sugar gradually and cream until light. Add egg and beat well.

Stir in flour mixture, then vanilla, then cherries.

Refrigerate until well chilled.

Roll into small balls 3/4" to 1" diameter. Place on ungreased baking sheets and flatten with bottom of small glass dipped in flour to keep from sticking.

Bake in 400 degree oven 10 minutes. When done cookies should feel set and barely have a trace of browning at edges.

Notes

Store in airtight container.

WHOOPIE PIES

Description

There are many recipes out there, but this is one I have used since my children were small. I used to make a double batch and wrap each one in waxed paper to take camping. I brought them to a club meeting one time and a man almost swooned (fainted) when he saw them and tasted them. He said he'd been trying to find a recipe for them ever for many years. I gave him the recipe, but every time I'd see him he'd ask if I had brought any whoopie pies.

Ingredients

- 2 cups flour (all purpose)
- 1 tsp baking soda
- 1/4 tsp salt
- 1/3 cup cocoa, unsweetened
- 1 cup sugar
- 1 egg
- 1/3 cup vegetable oil (canola oil)
- 1 tsp vanilla
- 3/4 cup milk

Instructions

Recipe makes about 24 individual cookies which will yield 12 finished cookies with filling.

WHOOPIE PIES: Combine all dry ingredients, then add the rest, beating well.

Drop by teaspoon on greased cookie sheet. I try to keep them round. Allow for spreading.

Bake 12 minutes at 350 degrees. Cool and fill.

FILLING: Beat together with an electric mixer: 3/4 cup shortening (crisco), 3/4 cup Confectioner's (XXXX) sugar, 1 cup marshmallow fluff and 3 drops of vanilla until well combined.

Divide frosting among the cookies. Spread evenly on one flat side of cookie and top with flat side of another.

Notes

Store in air tight container with waxed paper between layers. Or wrap individually with waxed paper or place in individual waxed paper sandwich bags. These cookies tend to be a little sticky and the waxed paper doesn't seem to stick. Don't use foil or plastic wrap.
